The Most Respected Tejalben :

First of all, we want to congratulate you and the entire management team of our Navrachana School, Sama for making sure that our school continues to be the best in the city. We are proud and grateful to be a part of the Navrachana family. More power to all of us !!!

We also want to thank you for conducting the [PTA AGM 2018](#) this past Saturday. It gave us another incredible opportunity to meet with so many people, including the school staff and management team. It is not difficult to understand why [our school is rightfully and deservedly considered the BEST in Vadodara](#). In fact, it has been a pioneer in starting a host of student-centric initiatives and programmes, all meticulously designed to nurture the skills and talents of young students. And the results have always been stellar as is evident from a distinguished list of school alumni across the globe. In addition, we have personally witnessed the transparent manner in which the various activities are handled by the management team. Finally, your mentioning about that Mumbai conference and the course those schools have started for Class - I to X students resonated with many of us as well.

Many of us believe that this is truly the gem of Vadodara. [This is "THE" school of Vadodara, originally started by the late Smt. Savitaben Amin. Once again, we firmly support the policies and decisions taken by the school management.](#) Please do not hesitate to contact us if we can be of any assistance. It would be a privilege to support our school in any way possible.

Thanks again for all you have done (and continue to do) for the thousands of children and families of Vadodara and around.

Best Regards
