

Message from Nitish Saxena - Ex-Navrachnite

When you see students from your school succeeding at the highest level, in almost every sphere of life... that feeling of joy, of pride is simply indescribable.

A school plays such an important role (for me the most important one) in shaping your life, your destiny. My school, Navrachana, will always hold a special place in my heart for all that it has given to me - the education, the values and everything in between. Even after all these years, my fondest memories are not of college or of the workplace, but of school.

No where will you find such poetic synergy between students, teachers, parents and the management than in Navrachana. What started as a vision to nurture global citizens has been so admirably led by our dearest Tejal ma'am, Baksi ma'am and the rest of the teachers and staff - both past and present. And it still continues to grow!!

A big thank you from the bottom of my heart (and I suppose every Navrachanite's heart) for all that you mean to me (us)!

"... we have always been and remained erudites,

We're the proud sky-reaching Navrachanites,

We're the proud sky-reaching Navrachanites,

WE'RE THE PROUD SKY-REACHING NAVRACHANITES!!!"
